Reese Gautschi joins Entsgo as Director of Sales and Marketing

IFS Applications Enterprise Resource Planning (ERP) reseller adds key executive staff member as it expands its territory coverage.

Austin, Texas – September 11, 2007 – Entsgo an IFS Applications ERP reseller and professional services organization, today announced the appointment of Reese Gautschi as the new Director of Sales and Marketing. Mr. Gautschi will report directly the President of the Company, Susan Kiezel, and will be responsible for increasing the brand awareness of Entsgo and the IFS solution across the region, as well as expanding Entsgo's IFS Applications sales and professional services coverage beyond Texas, into Oklahoma, Louisiana, Missouri, and Arkansas.

"We're confident that Reese brings the sales experience and marketing expertise we need to continue to grow and strengthen our business," according to Ms. Kiezel, "while enabling us to maintain the high level of service and support our customers have come to expect from us. With Reese's contribution, we believe our ability to expand and grow will enable us to continue to invest in a variety of advanced services that complement the IFS Applications ERP suite."

Prior to joining Entsgo, Mr. Gautschi has held senior sales and marketing positions with IBM personal systems group, AMD's field marketing organization, and Digital Equipment Corporation's system business unit. As a veteran of the high technology and business application industry for over 20 years, Mr. Gautschi brings significant global sales and marketing expertise to Entsgo, Inc.

Mr. Gautschi attended Emerson College in Boston, MA and Bryant University in Smithfield, RI.

About Entsgo, Inc.

Entsgo provides market-leading enterprise resource planning (ERP) solutions to the manufacturing and supply chain industry. As a certified IFS business partner, Entsgo delivers IFS Applications solutions by applying a combination of

technology and application software with business process improvement services that result in a rapid return on investment and proven results.
